PROFESSIONAL EXPERIENCE

Infosys Ltd Pune -Maharashtra Senior System Engineer June 2009 - Present

Infosys is a global leader in the "next generation" of IT and consulting with revenues of US\$ 6.825 billion (LTM Q3-FY12). Infosys defines designs and delivers technology-enabled business solutions for Global 2000 companies. The company's offerings span business and technology consulting; application services, systems integration, product engineering, custom software development, maintenance, re-engineering; independent testing and validation services, IT infrastructure services and business process outsourcing.

Professional Projects:

Project # 1

Project Title	AONMOSS
Tools Used	SharePoint Designer 2007,Microsoft InfoPath 2007
Data Base	SQL 2005
Client	AON

Project Abstract

Sharepoint Developer

AON project was a static content migration from JSP to MOSS 2007. The project involved custom master page design, page layouts and custom workflows in SharePoint Designer 2007. Project required implementation of some of the OOB, custom web parts and InfoPath form development for some custom forms

Project # 2

Project Title	SL-SPREE PORTAL
Tools Used	C#.Net
Data Base	SQL 2005
Client	Infosys

Project Abstract

The project involved creation of an intranet portal, which acted as a polling tool for Infosys employees. To achieve the purpose, it required creation of a UI in ASP.NET Web Application, fetching employee details from the active directory, storing them into a database and generating result report in excel format from the database.

Project # 3

Project Title	CCD PORTAL
Tools Used	ASP.Net, MOSS 2007
Data Base	SQL Server 2005
Client	Infosys

Project Abstract

The project involved creation of a portal in MOSS 2007. The project required management of user profiles, creation of document libraries and assigning permissions to various users, who supposed to be part of the portal. The portal acted as a common interface for the employees working in CCD Team of Infosys.

Project # 4

Project Title	TCI PROJECT
Tools Used	C#.NET, JavaScript
Data Base	SQL Server 2005
Client	UBS

Project Abstract

TCI project involved creation of an intranet portal, in ASP.NET 3.5, for managing UBS clients. The high level design and detailed design were to be made and had a greater importance for performance. So the procedures were to be designed to meet high performance and robustness. The project also involved fixing of remediation issues and other logic changes in most of the procedures.

Project # 5

Project Title	SHARE POINT CONFIGURATION SERVICES
Tools Used	C# .NET, MOSS 2007, JavaScript, JQuery, SharePoint 2010, SharePoint Designer 2007, SharePoint Designer 2010, Microsoft

Sharepoint Developer

	InfoPath 2007, Microsoft InfoPath 2010
Data Base	SQL Server 2005
Client	Pfizer

Project Abstract

SharePoint Configuration Services project involved creation of intranet portals, in MOSS 2007. It involves content migration from old sites to new sites in SharePoint. The project involves creation of lookalike site structure, functionality in SharePoint. The project involves tool like SharePoint designer 2007, InfoPath 2007, Visual Studio 2008 to achieve all the functionality like workflow designing, Custom Forms development, Custom page designing, Tabbing functionality, etc. In some of the sites client wanted excel sheet with all the information from the lists and form libraries and we had to implement macro functionality to achieve their requirement. The most important thing is that the project requires almost everything OOB. While most of the functionality we achieve OOB, still there are some functionality where we have to use custom coding. Later on we use SharePoint 2010 along with Visual studio 2010 and SharePoint designer 2010 to develop sites as all the sites migrated to SharePoint 2010 environment.

CERTIFICATIONS

- **MOSS 2007(Internal Certification inside Infosys)**
- **SharePoint 2010 Application Development(Microsoft exam 70-573)**
-

MAJORSTRENGTHS:

- ❖ Good Analytical Skill
- ❖ Highly Motivated Team Player.
- ❖ Good interpersonal and communication skills
- ❖ Sincere and positive attitude toward work
- ❖ Ready to accept challenges and new responsibilities
- ❖ Ability to work well in both a team environment and individual environment.
- ❖ Ability to think about a situation from different perspective angles.
- ❖ Ability to prioritize and perform broad range of responsibilities.
- ❖ Strong analytical and interpersonal skills, hard-working, ability to handle assignments under tight deadlines ensuring client satisfaction.
- ❖ Capable to delve into the new leading Technologies.

CO-CURRICULAR ANDACHIEVEMENTS:

- Various Client and PM appreciations.
- Captain of college cricket team.

Sharepoint Developer

- Volunteered “SI-Spark” Event which brought around 1100 students from various engineering colleges in Maharashtra to Infosys campus. The sole purpose of the event was to give the students a glimpse of corporate world.
